Yellowhead County offers the best in Fun, Adventure and Lifestyle!

Our Goals

1. Inter-municipal Relations:

To maintain and improve the level of program and service delivery in an effective manner within our communities, the County will cooperate and participate with other municipalities and municipal organizations wherever appropriate.

2. Provincial/Federal/Municipal Relations:

The County will make itself aware of Federal and Provincial initiatives that impact County Operations and our communities and make informed representations to senior levels of government.

3. Administrative:

The County will strive to ensure best practices, innovation and accountability in the decision making of day-to-day and longer term operations.

4. Health and Safety

We are committed to a health and safety program that protects staff, County property, other workers and the general public who enter upon our property/facilities.

5. Financial Management:

Yellowhead County shall manage its finances so that it can achieve its capital, operational and service delivery objectives and responsibilities effectively, efficiently and economically.

6. Transportation Services:

Yellowhead County recognizes that roads are a primary function of the municipality, and as such, the County will develop and maintain a quality transportation network to serve the needs of residential, agricultural, commercial, industrial, and recreational activities. Maintenance services will be delivered through well trained and efficient employees and/or contractors.

7. Hamlet Utility Services

The County recognizes, and is committed, to the sustainability of our communities, our environment and to a high quality of life. Therefore, Council is committed to ensuring residents have access to safe potable water and the proper treatment and disposal of effluent within our communities.

8. Airport Services:

The County recognizes that local airports serve a secondary transportation function to the residents and commercial/industry sectors of the municipality, and as such, the County will develop and maintain a suitable air transportation network in and around our urban communities to serve the needs of industrial, residential, commercial and recreational activities. Maintenance and capital services will be delivered through well trained and efficient employees and/or contractors.

9. Protective Services:

Yellowhead County will strive to ensure that adequate resources are in place to protect people and property. Residents will be encouraged to practice safe and healthy habits and lifestyles at work, home and play.

10. Planning Services:

Yellowhead County will strive to provide excellent customer service in the areas of planning and development, and will develop strategies and policies which build and enhance the community in a planned and orderly manner.

11. Agricultural Services

The County will support its agricultural community to enable good stewardship of the environment while promoting agriculture and a safe, healthy, rural lifestyle.

12. Recreation and Parks

The County will support a variety of recreational opportunities that promote healthy lifestyles and develop a sense of community. Volunteerism will be one method by which recreation services will be delivered.

13. Family & Community Support Services

The County will strive to build strong communities by assisting individuals, families and groups to build independence, healthy relationships and social awareness by encouraging participation in healthy activities and volunteerism.

14. Libraries and Cultural Facilities

Yellowhead County will have an effective library service for County residents and will promote the preservation of historical resources within the County.

15. Cemeteries

Working with various community groups, the County will encourage well maintained cemeteries and cemetery records.

16. Public Communications

We will strive to increase residents' understanding and awareness of the corporate direction of the County as well as programs and services offered by the County.
